

Hydra-Clean™

Ultra-Concentrated Liquid Carpet Cleaning Extraction Detergent

- » **Hydra-Clean** completes the maximum soil removal, minimum residue cleaning process of the professional hot water extraction cleaning, virtually eliminating re-soiling issues common to many carpet cleaning solutions.
- » **Hydra-Clean** is safe to use on all colorfast synthetic carpet, warranted residential stain resistant carpets, and leaves a refreshing scent that says clean without overpowering.
- » A gallon of **Hydra-Clean** is so concentrated it will make 320 gallons or more of ready to use cleaning solution and will clean up to 35,000 square feet of carpet.
- » **Hydra-Clean** is a VOC compliant formula that contains the industry exclusive component **TritanoI™** - an integrated blend of specialized encapsulating polymers, organic synthesizers, and surfactants.

If for any reason you are not thrilled with the performance of Hydra-Clean return it to your distributor and we'll get you a product that does.

Directions:

1. Always pre-test all cleaning solutions in an inconspicuous area for colorfastness prior to application.
2. Select and apply the appropriate **HydraMaster** preconditioning pre-spray solution first.
3. For portable units; mix **Hydra-Clean** at a rate of 2 oz. per 5 gallons of water. In truckmount units; mix 1 quart of **Hydra-Clean** with 5 gallons of water to make a concentrated solution. Set your solution flow meter from 2 to 3 gph.
4. Extract carpet thoroughly making sure to slow down in heavy soiled areas and use a dry stroke
5. For faster drying, especially in humid environments, consider the use of an axial, centrifugal, or downdraft air mover after cleaning.

to dry the carpet faster and return it to service quicker. For faster cleaning, reduced fatigue, and more effective soil removal, extract with the **RX-20 Rotary Extraction Tool**. In furniture dense environments use the **Evolution** cleaning wand.

See the material safety data sheet at www.cleanmaster.com for safety and regulatory information.
