

OdorMate Tropical Breeze™

General Purpose Odor Eliminator, Deodorizer and Cleaning Additive

DEODORANT

Dilution: 1:1-32

General Purpose
Deodorizer
Synthetic &
Natural Carpet and
Wet-Cleanable
Upholstery

- » **OdorMate Tropical Breeze** is a general purpose odor eliminator, deodorizer, and cleaning additive designed for use on carpet, upholstery, and laundry. It also works extremely well in general space deodorizing
- » **OdorMate Tropical Breeze** contains active odor encapsulating ingredients that eliminate the odor, not just mask it.
- » The versatility of **OdorMate Tropical Breeze** allows it to be effectively used as a direct spray pairing agent heavy duty deodorizer; it can be added to most any cleaning solution; and can be applied through a wet fogging machine
- » Utilizing **OdorMate Tropical Breeze** will leave any carpet or room smelling clean and refreshed, but it is also powerful enough to counteract severe malodors.
- » **OdorMate Tropical Breeze** is the ideal professional strength odor eliminator for cooking odors, body odors, and general odors.

If for any reason you are not thrilled with the performance of OdorMate Tropical Breeze return it to your distributor and we'll get you a product that does.

Directions:

For application as a general purpose deodorizer:

1. Always pre-test all cleaning solutions in an inconspicuous area for colorfastness prior to application.
2. Mix four ounces of solution with one gallon of water (1:32) into a sprayer. For heavy duty malodors, mix 32 ounces of solution with four parts water (1:4) into a sprayer
3. Saturate spray solution onto contaminated area.

For application as a cleaning additive:

1. Always pre-test all cleaning solutions in an inconspicuous area for colorfastness prior to application.
2. Mix two ounces of solution with one pre-mixed gallon of cleaning solution (prespray or extraction detergent solution) (1:64)

For use as a wet fogging solution:

1. Always pre-test all cleaning solutions in an inconspicuous area for colorfastness prior to application.
2. Mix 32 ounces of solution with one gallon of water (1:34) into your fogger.
3. Apply according to fogger manufacturer directions
