

# RinseFree<sup>with</sup> OxyBreak™

## Peroxide Activated Carpet Extraction Detergent

- » RinseFree Liquid with OxyBreak™ Carpet Extraction Detergent is an “In-Tank” extraction solution that enhances the longstanding commitment of the **HydraMaster SafeClean** designation.
- » RinseFree Liquid contains only ingredients that have been identified by industry listing and certification groups as meeting the standard for greener solutions.
- » Used in conjunction with **Release Carpet Prespray**, RinseFree Liquid completes the greener hot water extraction carpet cleaning job. RinseFree emulsifies and lifts away loosened soil.
- » The free rinsing formula contains the **CleanMaster** exclusive ingredient **Tritanol™**, which helps the carpet stay cleaner longer and eliminates rapid re-soiling. It rinses freely from the carpet and leaves no tacky residue.
- » The cleaning power of RinseFree Liquid is increased with the addition of **OxyBreak™** to synergistically activate other ingredients and enhance soil break down and removal through the power of oxidation.

*If for any reason you are not thrilled with the performance of RinseFree with OxyBreak return it to your distributor and we'll get you a product that does.*

### Directions:

1. Always pre-test all cleaning solutions in an inconspicuous area for colorfastness prior to application.
2. For best results, apply **CleanMaster Release with OxyBreak™** or other compatible carpet prespray first.
3. For truck-mounted solution cleaning concentrate: Mix one quart (32 ounces of solution) with five gallons of water. Set truckmount solution flow meter at 2-3 gph. For portable extraction equipment: mix two ounces of RinseFree solution with five gallons of water.
4. Extract with **CleanMaster RinseFree Liquid Carpet Extraction Detergent**. For faster cleaning, reduced
5. For faster drying, especially in humid environments, consider the use of an axial, centrifugal, or downdraft air mover after cleaning.

See the material safety data sheet at [www.cleanmaster.com](http://www.cleanmaster.com) for safety and regulatory information.
